

Powergate Silver MDG

Robust Stand-Alone Antenna

Transceiver technology makes each antenna a stand-alone unit that can be used alone or together with other Powergate antennas

Thinner than other antennas – its small footprint makes it perfect for smaller shops or areas where there is little space, such as narrow checkouts

Constructed for durability – essential if installed at a busy supermarket checkout

Antenna Features

- Stand-alone transceiver antenna
- 2 antennas required for MDG functionality
- Strong, durable construction
- Narrow footprint
- Detection on each side of the antenna
- Gatenet compatible

Antenna Specifications

- Width..... 446 mm
- Height..... 1515 mm
- Thickness..... 37 mm
- Thickness at base..... 64 mm
- Weight..... 11 kg

Add-ons

- Remote Service
- Antenna protection

Power Consumption

- 1 Antenna..... 6W
- Power Supply AC adaptor
- Input..... 120V_{AC} / 230V_{AC}
- Output..... 18V_{AC} / 20VA

Working Frequency

- RF Center Frequency..... 8.2MHz
- MDG Frequency..... 78.1kHz

Alarm

- Audio level (adjustable)..... 95dBA

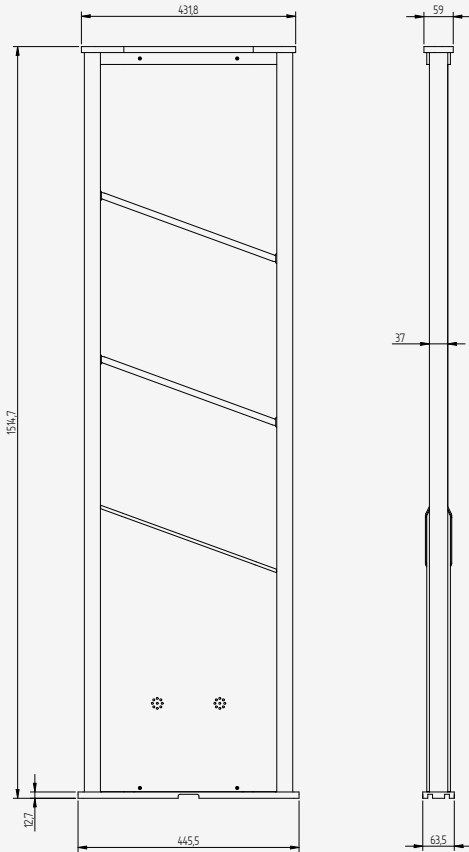

Environmental

- Ambient Temperature..... 0°C to 50°C
(32°F to > 122°F)
- Relative Humidity..... 0 to 90%
Non-condensing

Dimensions

Antenna

All dimensions in mm.

AUTHORIZED DEALER

Gunnebo Gateway AB is a Swedish supplier of anti-theft systems for the retail sector worldwide. We are the only company to develop, manufacture and market solutions built on every existing form of Electronic Article Surveillance (EAS) technology.
